Philadelphia Cricket & Community Club
Changing Room & Showering Policy

All ECB affiliated cricket clubs must have a Changing Policy, guidelines for which are provided here. These guidelines apply to the arrangements to be made for adults and children using changing facilities. Clubs should make arrangements so that adults and children do not use the changing facilities at the same time

Best practice principles to be adopted by Clubs where possible should be as follows:

- Adults should not shower or change at the same time using the same facilities as children – if the same changing room is used then it must not be at the same time

- Mixed gender teams must have access to separate male and female changing facilities

- Due to the risks of inappropriate photography or filming, mobile phones must not be used in the changing rooms

If children are uncomfortable changing or showering at the club, no pressure should be placed on them to do so. Suggest instead that they may shower and change at home
